

10-Aug-06- 8:00am Brad and I are having garage chat. At one point, Brad says it is typical as soon as I leave that the telephone starts ringing for me. I asked who called, Brad said Vic Sr. (Victor Matanovic Sr.) called. Brad asked if I had heard from my lawyer in Collingwood. I said, "no," I do not know what is going on there. I said pretty soon I am going to represent myself. I said I have been doing research on my own on how to represent yourself. I said you can get your own disclosure. I said about 10 seconds later that I would not represent myself as it is too hard. Brad asked me if CAS had sent my labour lawyer a letter back. I said I do not know what is going on there. I said that she was on holidays this week. I said I do not know what is going on legally but I know that there is something that I have not figured out yet. I said that one aspect hinges on the other and I am not sure why.

05-Sep-06- Brad asked me what I was doing today. I said not much but that I had to
7:20am meet Mary. (Mary Hall).

05-Sep-06- I came back home after running a couple of errands. During a
8:55am conversation with Brad. Brad said that you can now tell Mary that you
were upset with the fact that she leaves to go sailing for 5 days after she
left court. I said I need to be somewhat nice.

05-Sep-06- 9:45am After I had talked to Jeremy about putting my car on consignment, I came inside. Brad's girlfriend Karen Preston was here. Brad said, You don't want to put your car on consignment, do you?

***- Very odd- Brad has had a vested interest in my car. Every time I bring up the fact that I received no calls, Brad is speechless for seconds and then says something.

10-Sep-06- I said to Brad Carne that by tomorrow I should be able to rock the world.
12:26pm I said that anybody and everybody that has been involved will be effected. I said that includes anybody. I said even somebody that has been involved with my car. I said to him that he seems to have been pretty interested in my car. Brad appeared to become defensive and wanted to where I was coming from. Brad wanted to know why I thought that he was involved. Brad wanted me to tell him the evidence that I had. I said to Brad that I did not want to get into it. Brad said, "no," let's get into it. Brad got ready, had a shower and left on his motorcycle. (Once again- baiting Brad to see what I can get out of him.)

10-Sep-06- 1:49pm Brad Carne came downstairs to the basement. I was on the couch watching football. Brad stated that this time he was very pissed off. Brad asked if this was it and that I did not want to try and work things out. I stated that I just did not want to work it out right now. I said that when we started to get into stuff about me using his computer and him using my house that we were getting off course. Brad stated that he did not understand why I was coming after him. Brad asked if I had any proof. I informed Brad that I did not have any proof other the odd things that did not seem to add up. Brad stated that he did not want to move out and that he was prepared to move out October 1st. Brad stated that he was going to tell me the truth and look me straight in the eyes. Brad stated that since our talk on the 16th of July that he has not talked to anybody. Brad stated that if anybody had called him or that if he talked to anybody that he would tell. Brad stated that he had talked to Mark (Mark Turcotte) a bit. Brad stated that he has talked to Karen about it. I said to Brad that he must have spoke to his mom. Brad stated that after our last incident that he talked to his mom. Brad stated that he talked to Shawn (Shawn Harwood) the other day for about 15 minutes. I said I was not worried about that (***) even though I am concerned). I said to Brad I do not know who to trust. I said that I know that Harkness & Laronde know something. I said I am not sure what but they do. Brad sated you have know those guys for 20 years. I said to Brad I do apologize but that I am a thinker. I said my mind works overtime. (***-I still know Brad knows more than he is letting on.) I said I think about things and then take my time with them. I said other times I act on impulse as I did earlier. (***-I was B. S. him here as I had baited him earlier).

10-Sep-06-
1:49pm
Pg 2

I said to Brad I hate the fact that he is having to go through all of this shit. I said that anybody that is involved in this is involved because of one person. I said one cunt. I said that she has involved everybody. Brad stated that you need to make her pay. I said that even people such as Maria Malott are involved because of her (referring to Maria Malvaso). Brad stated that he would hate to see me lose anything else (referring to my home). Brad stated that he wants me to keep the shack. I said to Brad I don't know if I can do it. I said I can't impose on my mom, my dad. I said that I am in debt to my dad for about 6 or 7 thousand and (that is even low). Brad said try and get somebody in here (meaning another roommate). Brad said maybe ask your dad for \$5 thousand. Brad said put it away and only touch it when you need to. I left that alone. I said to Brad that I had more respect for him than some of my long life friends. I said your respectful, he had common sense, he did things for people and so on. Brad said things are straightened out. Brad got some of his stuff and said I'll see you tomorrow.

11-Sep-06- 6:32pm I came into my house and Brad Carne said to me, did you notice your car today. (meaning my Honda). Brad said that there looks like there is a ticket on it. I said I'll drive down and look at it.

11-Sep-06- 6:42pm I came back to the house and informed Brad that it was only a note that said "This is not a parking lot." Brad said, oh well it's only a note at least it's not a ticket. Brad went onto say that he knows that a transport is sometimes park there and then he knows that the driver of the transport also parks his vehicle there.

- 1)- Brad really seemed to know a lot.
- 2)- I believe Brad wrote the note or knows more about the note than he was letting on.
- 3)- Brad never said a word about the transport driver when I had spoke to him about putting my car at the lot on Mapleview & Essa.

14-Sep-06- 8:35pm Brad woke up at about this time after me ranting and raving throughout the house for about the past 30 minutes. I was unable to find a binder of my documented notes. I asked him in a harsh tone where my Aird & Berlis binder was and who the hell had access to this house. Brad asked what was I going on about now. Brad said that he was done. I said I know. I began packing my car with my notes and Brad went into the garage. I walked by Brad and said that I am not sure why he or others have got themselves involved with this. I said that Laronde does not even know how to leave a message anymore. I said that he leaves message telling me that he is calling me from his cell, what he is doing, what time it is... I said that Harwood wants to come hear for a shower, I said I don't trust him either. I said that I wasn't even sure how he got into the house for sure. I walked by Brad again as I was loading up my car. I said that I wished him and Karen well if our paths did not happen to cross again. I said that I appreciated everything that he has done around here and everything else. As I was leaving I addressed with Brad that he is welcome to stay tonight as I would not be here. Brad did not respond to any of my dialogue.

14-Sep-06- 9:17pm After I left Vic Matanovic Sr. a message I came up to the landing of the stairs and spoke to Brad. I said that I apologized I made a mistake and that I was sorry. I said that these notes are my life line. I said that he knew the rest. (Brad was in his room with the door open. Brad did not respond.)
