08-JUL-06  
5:30PM

I am at Jason Denade's new property on Severity Lane off of MW<sup>17</sup> just west of North Bay. Kevin Hackness is also present. During some of our conversation Kevin and Jason appear to be acting weird about the conspiracy against. It was as if they were discounting what I had said to them in the past. It appears to disbelieve what I have said and make aside comments about it. (\*\*\* - I am not sure what is going on) So I start playing along and say to them that they will never know what it is like to have everyone against you. At one point Jason and I are hammering re-bar of and I ask him if he needs somebody to help build his house. (\*\*\* - I want Jason to see what his response is. I said you could pay me under the table and Jason says "No." That this is the reserve. - THIS WAS ODD.) (\*\*\* - I was not sure what to think of their behavior but I would put it in my memory book and keep monitoring them).

I receive a telephone call from Kevin Markness at my home in Beemie. Kevin stated that he got off from work early and that he was at home. Kevin asked me what I was doing and invited me to come to North Bay. Kevin stated that we are concerned about you. I said that is funny it appears that everybody wants to get me out of Beemie for this weekend. I said that a couple of other guys wanted to get me up to the Meritoulin's for the weekend to help move rocks. I said something to the pet that everybody is in on this. Kevin states that you must have done something for everyone to be against you. Kevin then asks "What did you do?"  
(XXX - At this moment I know Kevin knows something and he definitely is involved himself. At this time I will play along and also bait Kevin a Jason.).  
I do not say anything as I am not sure what he is implying. I end up saying to him that I am going to get ready and come to North Bay. (XXX I want to try and find out information from them.)

- We are setting out the back on Kevin Markness's desk.  
(COLINNA MARKNESS, KEVIN MARKNESS + MYSELF.) Kevin out of the blue states let's go for a drive. Kevin also states that we'll take his van since I have not been in his van. (XXX - Once again I play along but I say we can take my car.) Kevin insists that we take his van. Kevin says let's go for a drive to the waterfront. (I FIND THIS ODD). We end up leaving and going to Jason Torando's. During the ride to Jason's, Kevin states what did you do? Did you kill somebody? A couple of moments later Kevin states did you get really drunk one night and rape somebody. While at Jason's I said to Kevin it is really odd that you asked me those questions in the van. Kevin says I know and that he should not have said anything.

9:45 AM

I am asking Kevin Harriness about what he knows and from  
Lamond said it is not necessarily what he knows but what he is  
willing for. I said "yeah." At about 10:30 AM Kevin  
Harriness and I are having a discussion. I continue to ask  
Kevin what he knows. I said that the whole world is  
against me. I said that wait until I go BACKSTAGE then  
people will make-up. I made sure Kevin was attentive  
for this. (~~XXX~~ - I BAITED KEVIN HERE TO SEE IF  
HE WOULD SELL ME OUT AND IF THIS WOULD COME OUT  
LATER. ).

15 AUG 06

11:15 PM

Kevin and I go up to the lounge area. On the way up I tell Kevin that if him and Jason know anything that I will tear them a new asshole. (\*\*\*) ONCE AGAIN I BAIT KEVIN TO SEE IF HE WILL SELL ME OUT OR THIS WILL COME OUT LATER. } Upon arriving Kevin ensures to tell JASON about this LAURIE is also present. LAURIE stated that these are your friends and they are here to help. We play EXHIRE at Jason's. Kevin and I are partners and Jason and Dennis are partners. After playing three games of EXHIRE into the evening of the morning, Kevin starts to be condescending to me. I look at Kevin. (\*\*\*) - I said do not single me out. I said I'll throw you through that fucking window. Kevin said you have been waiting for that all night. Fuck haven't you. Kevin proceeded to the kitchen, Dennis left the room and I got up out of my chair. I pretended to go in a rage. I started yelling at Kevin you'll never know what I have been through. I punched an element on JASON + LAURIE'S STOVE. I grabbed Kevin by his shirt and pushed him up against the counter. I never hit him. Jason entered the kitchen. I let go of Kevin and looked at Jason and said I appreciate you coming to his rescue. (\*\*\*) I BAITED THEM ALL TO SEE IF THEY WOULD SELL ME OUT OR THIS WOULD COME BACK LATER. } (\*\*\*) - THEY WILL NEVER THINK THAT I DID THIS ON PURPOSE, THEY WILL SAY THAT THIS WAS REAL AND THAT I WENT INTO A RAGE. }

10:30 AM

- I went up to Jason Jansola's after trying to contact Kevin Harvness at home. Corinna stated that Kevin was not home and she thought he was at Jason's. Upon arriving at Jason's, Kevin was not there. I did my formal apology to Jason on his deck. I said that I apologize and hope I did not wake up his kids. Jason said so they sleep like rocks. Jason and I talked for about 10-15 minutes. I said to Jason that if he knows that there is something going on that he may not be at liberty to say. Jason said to me he was not sure what may happen but his advice to me was to concentrate about what was going on in Beanie. I asked Jason when Kevin left and he said almost an hour ago. I said to apologize to Beanie as she was still sleeping or I would have done it myself. I read Jason's phone to call Kevin's place before I left. Corinna stated he was not home yet. (KEVIN WAS NOT HOME - I FOUND THIS TO BE VERY ODD.) After leaving Jason's I drove to Kevin's and sat and talked to him and Corinna on their deck. While at Kevin's - Jason called to ask Kevin to help him out at his property. - I FOUND THIS TO BE ODD. (XXX - I BELIEVE THAT KEVIN + JASON WERE PROBABLY GOING TO THE NORTH POLY POLICE TO INFORM THEM OF EVENTS LAST NIGHT. )

I returned Kevin Harrness's telephone calls. Kevin and I discuss the fact that he is now at his sister's again. Kevin stated that his parents had invited him and the kids over for a swim at their place so Kevin took the kids over to his parents for a swim. Kevin stated that he got in shit for that. Kevin said he told Cousins that that was it that he had had enough. We discussed the golf. We discussed how well Tiger Woods was playing. Kevin asked me what I was doing I told him about trying to fix my lawn mower. I told Kevin that my mom was coming down tomorrow and that we were going to the baseball (BLUE JAYS) game on Monday. Kevin said Oh, was thinking of coming down and we could go play some golf. We discussed this and agreed that he would not be coming down. Kevin stated that he had just come back to his house to get some beer to take to Joan's property. Kevin stated that he did not even know whether Joan was there or not but he was going to go up to the property anyway. Kevin stated that maybe he would get down next weekend for some golf (TO MY HOME IN BARNET). Kevin asked me if my neighbors had a lawn mower. I said that they were gone to North Bay for the weekend. Kevin asked if their garage was open. I said I don't know. Kevin recited me to check, so I played along (in case he was trying to bait me). I went and checked and jibed with Kevin about my fingerprints being on their garage door and the police showing up.

I returned Jason Laroche's message that he left on my answering machine. Message will be transferred to a cassette tape. Jason answered his cell phone and he stated that he was banging a couple of boards together. I asked Jason how his house was coming. Jason stated that he had some problems with the sweepers but now that is done. Jason stated sorry that he missed me when I was in town. I said that I was dog sitting and that I was out of my dad's more than I was in town anyway. Jason said dog sitting - (XXX - Jason appeared to be surprised but also appeared to know something). Jason revealed from topic. Jason stated that J. P. Durant was picked up by the STARS. I said really. He talked about it. \* J. P. Durant was not signed by the STARS. I asked Jason if HARKNESS (KEVIN HARKNESS) was up at his property on the weekend - (LAST WEEKEND - 05-AUG-06 - 06-AUG-06). Jason said that HARKNESS he did not see HARKNESS over the weekend. Jason said that Harkness was on his own again. I said yeah I knew. (XXX - I found this to be odd as KEVIN had told me on Saturday that he was getting beer to go back up to Jason's property.) I told Jason that I had talked to Kevin but I was not sure when it was. (XXX - I knew that it was Saturday but wanted to see what Jason's response was.) I informed Jason that Kevin had informed me that his parents had invited him and the family over for a swim. Kevin apparently took his children over to his parents and Corinna did not like that. (XXX - Jason said "Oh, yeah - Luanne did tell me about that as she spoke to Lisa. Jason stated that Lisa told Kevin to take the kids over to his parents as Kevin had apparently talked to Lisa about this. I discussed the fact that Kevin and Corinna can not live with each other but can not live without each other. I said that I hope that it works out for both of them. I said that if they are going to do something that they need to do it."

I said that my other way must be very hard. We talked about this for a couple of minutes. I asked Jason if he had any help with his house. Jason stated that his brother Mark had been up to help him. I said that Greg McKinnon had had some extra tickets to the A20 game recently and that I had called MARK and he went. <sup>(KAX)</sup> JASON said OK you went to that. ~~IT WAS~~ IT WAS IF JASON ALREADY KNEW but was just asking. I asked Jason if he was going to be working on his house this weekend and he said "yes." I said well if I am in town that I would give him a hand. Jason asked if I was coming to town. I said I was not sure if I wanted to make the drive or not. I said I will let you go. Jason said keep it real brother, I said speak you to.

Hey man:

I am not sure why you are or how you are involved in this entire mess but I know that you are. Over 20 years of being friends and people have involved you, your wife, Kevin & Corinna, Greg McKinnon and so on.

Everybody that is involved in this entire mess is involved basically because of one person. You might want to educate yourself about her. Here is a website you should check out and read.  
<http://www.bullyonline.org/workbully/serial.htm>.

You probably should have considered why it was you were getting involved and what you know or do not know. You and everybody is now a part of the web.

When all is said and done, I hope that everybody is happy. I will stand tall regardless.

As far as you my friend, you are not a good liar. Always calling from you cell and everything else that I do not need to get into. As far as Harkness, where is his concern now??

I am not sure what the future will hold for our friendship and I am sure the feelings are probably somewhat mutual from your standpoint. If I would have been in your shoes and was on the other side I know what I would have done. It would not have been becoming a police officer as you, Harkness and McKinnon have decided to do.

Anyway, enough of the crap. I hope everything is all right with you family, job and building of your new house. How is the new house coming?

I thought I would write as opposed to talking on the phone.

Rock on.
