

07-Mar-06- Linda Sauhammel informed workers on the Intake Team that Tanya Traves & Deborah Batt will be alternating days on the Midland Intake Schedule. Tanya & Deb will be accepting 7-day assignments from Tues-Wed-Thurs.

08-Mar-06-
10:15am Linda Sauhammel approached this worker and stated that Senior Management has changed their minds and that they want a worker to go up to Midland for the next two weeks. Linda said that Joanne Purvis and my IFR's were in the best shape and she was wondering if I would go and assist Midland, office. I agreed to based on the fact that Wil Hedges is to be going to Midland for the next 7 months after returning from Australia. Linda stated that Wil be returning on the 21-Mar-06 and that he will be in Barrie for a week and then going to Midland on the 27-Mar-06. Linda stated that the plan would be for me to transfer cases that would remain open to Wil. I could not get a straight answer from Linda about who my supervisor would be.

08-Mar-06-
1:15pm Lindsay Lobsinger & Erin LaForge met for a lengthy period of time. Lindsay informed me that the meeting was about trying to plan to assist Sharon Russell.

Derek.....

Thanks again for going up to Midland on such short notice. In my short time of working with you, it certainly has not gone unnoticed that you are a great team player and willing to step up to the plate when asked.

Thank you!

08-Mar-06- I respond to Linda Sauhammel's e-mail from the 08-Mar-06 at 3:37pm.

08-Mar-06- 3:58pm I said to Lindsay Lobsinger and Erin LaForge that I had a problem that I wanted to discuss with them in relation to a practical joke with Karen McCracken, Teana Whetham and Holly. Erin out of the blue states “Oh, I thought you were going to tell us that you have an STD.” I said to Lindsay and Erin, yeah I have the “HIV.” Not really a lot more conversation about this and went back to speaking about the possible practical joke.

10-Mar-06- I sent and e-mail about Midland assignment.

Hi Susan:

I would greatly appreciate it if you could confirm in writing via e-mail the parameters of my assignment in the Midland Office. In discussion with Linda Sauhammel, I have agreed to assist the Midland Office with Intake Investigations for only the next two week period of time from the 20-Mar-06 until the 30-Mar-06. I am responsible to work Mon-Thurs for the Midland Office and return to be on the Intake Schedule in the Barrie Office on Fridays. After the duration of the two weeks I will be returning to my position as an Intake Worker with the Barrie 2 team.

The carriage of any files that require to be moved to on-going will be passed onto Wil Hedges or another Midland worker.

I am to be re-imbursed for mileage to and from my home address, to and from the Midland Office.

At this time I have not been assigned a supervisor for that two week period of time. Ted said he would supervise the second week as he is off for the March Break, next week. Linda has also said that I could call her if need be.

In discussion with other staff members it would be also be appreciated if an agency e-mail could be distributed to our colleagues outlining these changes in relation to Wil and myself.

Thank you for your attention to these matters

Yours truly,

Derek Dunlop
Family Service Worker

10-Mar-06- I informed Kerri Morris that Maria Malvaso had called me last
4:25pm Sunday and made an inference that her and her husband Kirk Goldthorp
had been selling me out. I said to Kerri that Maria did not actually
identify their names but that Maria said somebody I tell everything to at
work tells everybody else and that her husband is also telling everyone.
Maria said that her husband is supposedly one of my best friends. Kerri
said that she sees Maria and does not even have any discussions with her
about what I have told Kerri.

11-Mar-06-
3:20pm I left Kirk Goldthorp a message on his cell phone to see what he was up to and that Kerri had informed me that he was working at the MTO today. I told him his Leafs stunk and that Mrs. Malvaso had informed me that he and Kerri had been selling me out. I said interesting stuff, very interesting stuff.

11-Mar-06-
8:10pm I receive a call from Kirk Goldthorp. During the conversation I said that crazy Maria is telling me that he has sold me out. Kirk states that he has never sold me out and that he does even talk to these people. Kirk stated that has not even seen Brian Tattersall since the Valentine's thing 2 years ago. Kirk states that he has not seen Maria in about 4 years. Kirk stated that if she wants to come at him that he will go right back at her.

Hi Erin:

Last week, when I said to you and Lindsay that I have a problem in relation to the possible practical joke, you said I thought you we're going to tell us that you had an STD. I found this to be odd and out of the blue. I was wondering why you said this and where this came from at that moment.

Thanks

To: Maria Malott

Subject: Your impact is obviously noticeable.

Hey Maria:

Linda brought me into her office to talk to me about SIS training. During our conversation, she also said to me that I do not know you very well but you have been pretty quiet lately, is everything alright. I said that to the contrary it is the exact opposite, everything is great.

You have obviously brought so much happiness to my life. You are truly what I have desired and it obviously has also made me very calm which is amazing. Over the past 8 months I have become very calm and now I am even calmer. For Linda to notice is huge compliment to you.

Thanks
DD

01-Jul-06- On the July long weekend I had had two discussions with Maria Malott about trying to find out the date that Linda Sauhammel had called me into her office. I had asked Maria Malott if she had saved all of our e-mails and she had said yes because I had asked to. I had asked Maria Malott if she could look into it. Maria Malott had asked is she should print it off. At the moment I said sure. Later on then I said to her that for her own protection she should not print it off. (I knew that she is in on the conspiracy anyway so it didn't matter but I said it anyway.

04-Jul-06- Maria Malott printed this e-mail off anyway.
