I attend Steve Denney's residence at 26 WATSON, BARKING. JOHN LOAN resides there as well. Steve was still not home from dinner as of yet. John and I discuss a little bit about my situation. John stated that Karen McCracken was wondering why the police had attended Susan CAS and was asking questions to staff members about me. John was not able to provide a date about when this happened. Steve returned home with his girlfriend Theresa Perry. I informed Steve and John that if nothing by due process works that I will go public with all of this. Steve suggests that I can win by just going through process. Steve said you can get a court settlement and that will prove that you win. Steve provides me copies of Personal Standard, performance management, grievance procedure, workplace harassment policy, termination, human resources others. Steve, John and I continue to discuss my options. Steve states that I need to acquire disclosure from the agency. John suggests that I apply for legal aid. She while under time that I referred to person involved as "she". I said that this is what she wants because she really enjoys the drama. I said thanks to John and Steve for looking out for me and they said no problem. I apologize to Theresa for being to hear some of this.

I meet John Royal and Steve Keating at Hester's for a beer. Steve Keating asks me who I ended up going with as a lawyer. I informed him that I went with a Santa lawyer. Steve asked if she was female and I informed him that she was a female. Steve said that was good and it was quiet. Karen McCracken and her husband Bill also met us at the restaurant. John Royal was trying to organize the following weekend for the group to get up to Montserrat to help move some rock. John stated that Elizabeth's daughter Kristin was supposed to bring their dog ~~down~~ ^{down} ~~to~~ ^{to} their property in Montserrat. John stated that his grandchildren were also supposed to go to the cottage. John stated that he had sent Elizabeth an email to ask her if the group could come up and help him move rock. John stated that he could not have everybody up to the cottage at once. John stated he should have by tomorrow. During the conversation Steve stated that Derek Widdicks would be in the Derek Durlap camp as he (DEREK WIDDICKS) does not necessarily believe everything he hears. Steve Keating also said that if they approves the GA decision that he would cut me a cheque for \$300.00. Karen McCracken asked me twice. The first time I did not answer. The second time I said Maria Nalath. Karen stated that she still had somebody she could set me up with. I said no no that things were good. Karen said are you sure and not close my doors. I said ya ya ya you should not close any doors when the trip are good. (I KIND OF SAID THIS ENTIRE TO SEE IF ANYONE WOULD PICK UP ON THIS.). Before we left Karen gave me a hug. Steve had left prior to the rest of us leaving. John Royal met me at my house to have a look at the INPAMMUS GAS STOVE. John stated to take the serial numbers as

I arrived home at this time. I had been at Master's Restaurant with GREG MC KINNON. Greg and I had gone there after we had golfed at SIMONS GOLF CLUB. I just pulled into my driveway and simultaneously MICHELLE BARTHOLOMEW was saying hi to me. Michelle stated that she was just walking in my neighborhood. Michelle was dressed up as she had been out. Michelle also had a fancy purse with her. Michelle stated that she had heard that 10:30 was a good-time to get a hold of me. Michelle stated that she had been out earlier with JOHN REYNE, STEVE RAMSEY, KANON MCCRAE/KON. Michelle asked me how I was doing. I said that I was fine. I asked her how she was doing. Michelle stated that she was busy. She stated that it was busy at work and that she had been on the INTAKE work schedule. I said to Michelle that I heard that she had had a card for me about the washing machine. Michelle stated that she did but that she forgot to put a stamp on it. (~~###~~ Michelle stated that she had got another card for me and she pulled a card out of ~~my~~ her purse.) I opened the card and we shared a laugh. Michelle stated that we should get together and to give her a call. She included her phone number in the card. Michelle discussed about her washing machine vibrating. I asked her if she ever got it fixed. She said no that she had just left it. Michelle stated it was too difficult to get in behind the washing machine to put something under it. We also discussed the fact about moving the washing machine into her house during the first week in February of 2006. I said that if I would have fallen we both would have been trapped and that she would have been pinned under me and the washing machine. I am not sure how the topic about her friend came up, but she was discussing about her friend who had a

DEB BATT

18-AUG-06

8:53AM

I am at the Beanie Honda Dealership and I bump into DEB BATT. She asks me how I am doing I said that I am doing better now and that I am in a better head space in the last 3 weeks. I said from May-July I don't even think I realized what I went through... I said that I was trying to get a job on the pipeline with my dad but that also fell through basically because I was not available to work because I had to be available to meet with lawyers and other appointments. I asked Deb how she was doing she said that she was okay but that she was tired of working for C.A.S. and that at some point that she hoped to get out of C.A.S. Deb stated that she was a writer. We had a conversation for another few minutes. *KX* The weird thing was that DEB BATT pulled me on the back I feel sorry for what happened. I said do not feel sorry. *KX* THEN DEB BATT said "we were all rooting for you" BATT IS PILOT QUOTE.

(I THOUGHT TO MYSELF YOU WERE ALL ROOTING FOR ME ABOUT WHAT? WHEN? WHY? HOW? ...)
